

I am a resident in the community that faithfully listens to K-LOVE. This radio station has helped me through many trials and tribulations and I feel if it was taken off the air it would be a

GREAT detriment to the entire community! This radio station brings many, many people to Christ and without it, these people may never have the chance to do that. Please leave this station on the air for myself and MANY others who truly deserve the chance to give their lives to CHRIST by having the chance to listen to K-LOVE. Thank You for your kind consideration. In Christ, Marsha Sitko
